

DHT-S216
SOUNDBAR WITH DTS VIRTUAL:X AND BLUETOOTH®

Upgrade to Premium-Quality Sound

With two built-in down-firing sub-woofers, dual mid-range drivers and tweeters, you'll enjoy an amazing movie and TV show audio experience when you upgrade to Denon premium-quality sound.

3D Audio with DTS Virtual:X

With DTS Virtual:X, the DHT-S216 uses advanced psychoacoustic algorithms to realistically simulate a multi-channel home theatre surround sound speaker system. Enjoy enhanced bass, crystal clear dialogue, and enveloping sound thanks to virtual height and virtual surround.

Universal Compatibility

Works with any TV with HDMI. Use the included HDMI cable to send audio from your TV and other connected sources to the DHT-S216 via the HDMI Audio Return Channel (ARC). Using HDMI also enables control of the Denon DHT-S216 via your TV's remote control.

DESIGNED FOR TABLETOP OR WALL-MOUNTABLE SETUP

Wireless Music Streaming

Pair your smartphone or tablet with the DHT-S216 via Bluetooth and easily stream your favourite music directly from your smart device to your soundbar.

4K HDMI with Audio Return Channel

Send the audio from the streaming apps built into your smart TV and other sources with 4K UHD HDMI (1 in / 1 out with ARC). Supports 4K/60 Hz and HDCP 2.2 and a single HDMI cable (included in box).

110 Years of First in Audio Technology

As Japan's first audio electronics manufacturer with a deep legacy of firsts – Denon is the defining audio company of Japan. Founded in 1910, we enable the moments that matter through the relentless pursuit of quality, innovation and audio performance.
